## About Us

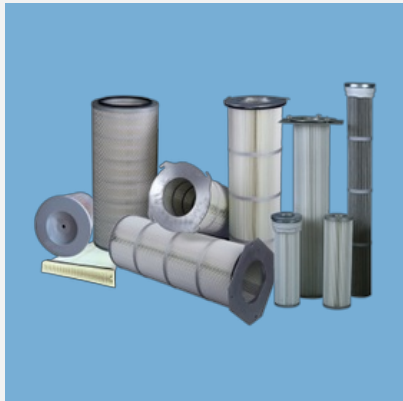

We, **MTB Filter Industries**, kicked off in the year **2006** and have been ever growing since then as manufacturers, wholesalers, retailers and suppliers of Industrial Filter and Elements. Our extensive product catalog includes Filter Bag, Filter Bag Cages, Filter Cartridges, Oil Filter, Filter Housing and more. We do not escape from implementing the latest trends as demanded by the market and offer a wide variety of products in each category provided by us. Our products come with an extended life along with an unmatched quality that distinguishes us from our competitors in the market.

We deliver and dispatch our items in excellent packaging and accept multiple modes of payment which is completely as per the customer's interest and choice. We are a company that always go by the industry protocols and the specified guidelines. We do believe in accepting the challenges but not at the cost of breaking the rules. Infrastructural base has been our key strength which has enabled us to deliver happiness to our customers. We have grown from strength to strength since the day we started and there has been no looking back till date. We have a very decent annual turnover which is increasing at an extremely high pace.

**Mr. Vijay T. Bhalriya**, has invested all his time, sweat and efforts to achieve the success of the company and has succeeded in attaining the same. He has managed to bring around an annual turnover of INR 50 lakhs...
